# Health and Safety rules for visitors

Welcome to Power Electronics. We invite you to join our “Zero Accidents” vision, applicable to anyone working at or visiting any of our facilities. On our corporate website, you can find our “Health and Safety Policy,” the “Stop Work Policy” in the event of serious or imminent risks, and the “Zero Tolerance Policy” regarding alcohol or drug consumption in our facilities or where any of our activities are being carried out.

Thank you in advance for helping us maintain our commitments. We encourage you to share any opportunities for improving our system by emailing us at: **[seguridadysalud@power-electronics.com](mailto:seguridadysalud@power-electronics.com)**

## WHAT TO DO IN CASE OF EMERGENCY?

- 1** If you detect an emergency (accident, fire, spill, or any unusual situation), inform any Power Electronics Group personnel and remain calm.
- 2** Proceed immediately to the nearest emergency exit.
- 3** Evacuate the building safely and go to the designated assembly point.

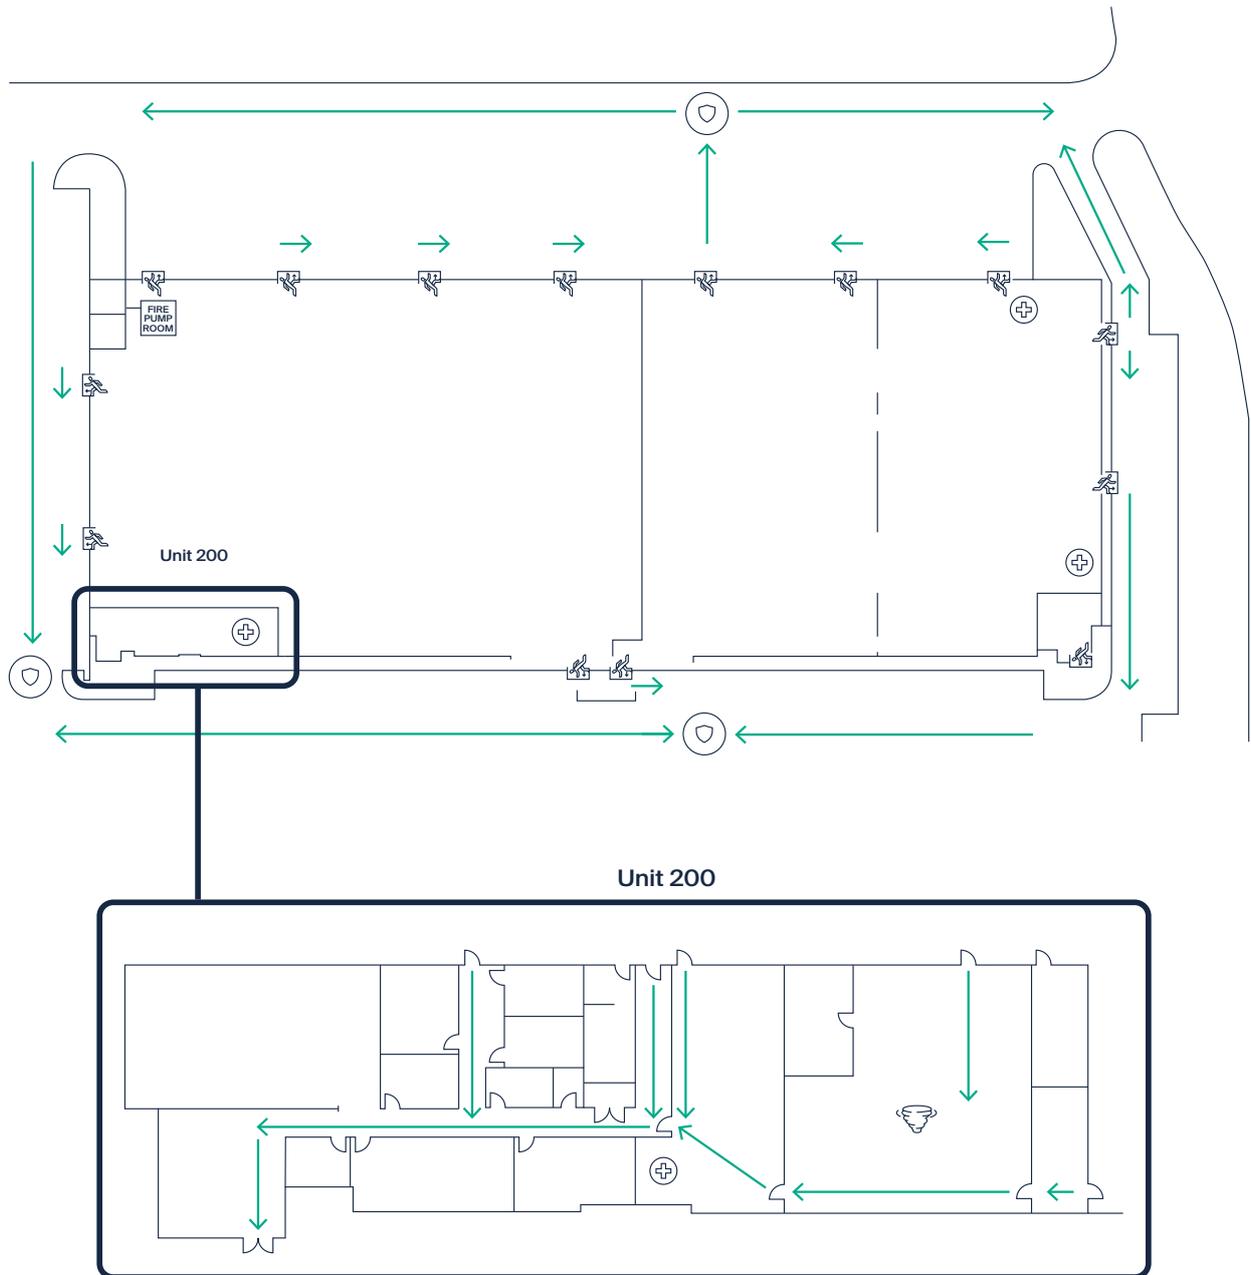

Once at the assembly point:

- 4** Report to the designated lead with your full name, company, and PE sponsor.
- 5** Follow all the instructions provided by the lead.

# Mandatory rules

- **ENTER AND EXIT THE FACILITIES ONLY THROUGH THE MAIN GATE.**  
Do not forget to inform the PE Sponsor and/or receptionist when you leave.
- **YOUR CONTACT WILL HAVE TO ACCOMPANY YOU THROUGHOUT YOUR ENTIRE STAY.**
- **WEAR SAFETY SHOES AND A VEST IF YOU ENTER THE PLANT.**  
If additional PPE is needed it will be given to you.
- **BE AWARE OF VEHICLE TRAFFIC IN THE PLANT.** Keep a safe distance from industrial vehicles and ensure you are not nearby. Walk only on pedestrian paths and use marked crossings. Help improve forklift flow and give way to vehicles by signaling with your hand.
- **KEEP A SAFE DISTANCE FROM ELEVATED LOADS AND DO NOT STAY NEAR THEM.**
- **ACCESS TO TEST AREAS IS FORBIDDEN WITHOUT AUTHORIZATION.**
- **SMOKING IS FORBIDDEN IN THE FACILITIES.**
- **COLLABORATE WITH WASTE SEPARATION.**  
Place waste in correct containers.
- **DO NOT POUR ANY CHEMICAL DOWN THE DRAIN.**
- **REPORT ANY INCIDENTS/ACCIDENTS TO YOU SPONSOR AS SOON AS POSSIBLE.**
